## Introduction

Destabilizing the social, political and economic structure of 190 sovereign countries cannot constitute a “solution” to combating a **novel coronavirus** which mysteriously emerged in Wuhan, Hubei province (PRC) in late December 2019. That was the imposed “solution” —implemented in several stages from the very outset–, leading to **The March 2020 Lockdown** and **the Rollout of a so-called Covid 19 “Vaccine” in December 2020**, which since its inception has resulted in **an upward trend in excess mortality**.

It's the destruction of people's lives Worldwide. It is the destabilization of civil society.

Fake science was supportive of this devastating agenda. The lies were sustained by a massive media disinformation campaign. 24/7, Incessant and Repetitive “**Covid alerts**” in the course of more than three years.

The historic March 11, 2020 lockdown triggered economic and social chaos Worldwide. It was an act of “economic warfare”: **a war against humanity**.

## The New Virus: 2019-nCoV

The official story is that a dangerous **NEW VIRUS** was detected in Wuhan, Hubei Province, China in December 2019. It was entitled **2019-nCoV** which stands for “**2019 New (n) Corona (Co) Virus (V)**”.

On January 1, 2020, “the Chinese health authorities closed the Huanan Seafood Wholesale Market in Wuhan following Western media reports claiming that wild animals sold there may have been the source of the virus.

As of early January 2020, it was the object of extensive media coverage and an unfolding Worldwide fear campaign. Media disinformation went into high gear.

“The Chinese authorities (allegedly) “identified a new type of virus” on January 7, 2020, using the RT-PCR test. No specific details were provided regarding the process of isolation of the virus.

### **“Big Money” and “Big Pharma” Meet at Davos**

The alleged new virus was actively debated at the World Economic Forum (WEF), meeting in Davos Switzerland (January 22, 2020).

Proposed by the Coalition for Epidemic Preparedness Innovations (CEPI) an entity financed by the Bill and Melinda Gates Foundation, **a 2019-nCoV vaccine program was put forth**. Announced at Davos, Seattle-based Moderna (with the support of CEPI) was to manufacture an mRNA vaccine to build immunity against 2019-nCoV.

The evidence as well as the statements at Davos suggest that **the 2019-nCoV vaccine project** was already underway in early 2019. And CEPI had foreknowledge regarding the announcement of the 2019 nCoV. (Michel Chossudovsky, Chapter VIII).

Today we announced funding for three programmes to develop vaccines against the novel [#coronavirus](#), nCoV-2019

Richard Hatchett  
Chief Executive Officer, CEPI

“Given the rapid global spread of the novel coronavirus, the world needs to act quickly and in unity to tackle this disease. We hope this work could provide a significant and important step forward in developing a vaccine.”

CEPI

*Note: The development of **a 2019 nCoV vaccine** was announced at Davos, 2 weeks after the January 7, 2020 announcement, and barely a week prior to the official launching of the WHO's Worldwide Public Health emergency on January 30. The WEF-Gates-CEPI Vaccine Announcement precedes the WHO Public Health Emergency (PHEIC)*

All of this was unfolding at a time when the alleged **new corona virus had not been isolated, it's identity had not been confirmed** and the number of reported cases in

China was exceedingly low: “As of 3 January 2020, there were 44 cases reported, 11 are severely ill, while the remaining 33 patients are in stable condition (WHO Report).

There was no evidence of an unfolding epidemic in China, nor was there evidence of a lab leak.

And then on January 30th, 2020, the Director General of the WHO **Dr. Tedros** declared **a Public Health Emergency of International Concern (PHEIC)** with absolutely no evidence of a threatening epidemic.

On that same day there were **83 positive cases Worldwide out of China** for a population of 6.4 billion people. See table below: 5 positive cases in the U.S, 3 in Canada, 4 in France and 4 in Germany.

And those cases were based on the RT-Polymerase Chain Reaction (PCR) Test which **does not detect the identity of the virus**. (See Appendix).

Region of the Americas	United States of America	5
	Canada	3
European Region	France	4
	Germany	4

Three weeks later at a press conference on the 20th of February 2020 the WHO Director-General **Dr. Tedros Adhanom Ghebreyesus** intimated that the pandemic was imminent:

“[I am] concerned that the chance to contain the coronavirus outbreak was “closing” ...

“I believe the window of opportunity is still there, but that **the window is narrowing.**”

What was the evidence put forth by Dr. Tedros in support of his bold statement?

On February 20, 2020, there were only **1076 confirmed cases outside China** (including those of the Diamond Princess Cruise Ship stranded in Japan’s territorial waters).

On that same day, the WHO provided the data of confirmed cases “by countries, territories or areas outside China”: **15 in the U.S., 8 in Canada, 16 in Germany, 12 in France, 9 in the U.K.**

**March 11, 2020: The historic COVID-19 pandemic lockdown, “Closing Down” of approximately 190 National Economies**

The WHO Director-General had already set the stage in his February 21st Press Conference.

“The world should do more to prepare for a possible coronavirus pandemic.”

The WHO officially declared a worldwide pandemic at a time when there were **44,279 (cumulative) positive Covid cases** outside China for a population of 6.4 billion. (For details see Michel Chossudovsky, Chapter II)

**The October 2019 “Event 201” Simulation of a “Dangerous Virus” Entitled nCoV-2019**

**Event 201** was a table top simulation of a coronavirus epidemic, sponsored by John Hopkins and the Gates Foundation.

**The WHO initially adopted exactly the same acronym (to designate the novel coronavirus)** to that of the Johns Hopkins simulated Pandemic Event 201 Exercise.

The name of the new coronavirus was (with the exception of the placement of 2019) **identical to that of the Event 201** simulation.

Attended by prominent personalities, it was held on October 18, 2019, less than three months before the announcement in early January 2020 of a new coronavirus.

Among the participants, were representatives (aka. decision-makers) from the WHO, US Intelligence, the Gates Foundation, the Global Alliance on Vaccines and Immunization (GAVI) (financed by the Gates Foundation), the Coalition for Epidemic Preparedness Innovations (CEPI), the World Economic Forum (WEF), the United Nations, the US Centers for Disease Control and Prevention (CDC), China's Center for Disease Control and Prevention (CDC, Director Dr. George Fu Gao), Big Pharma, the World Bank, among others.

These various organizations played a key role when **the so-called pandemic went live in early 2020**. Many features of the 201 "simulation exercise" did in fact correspond to what actually happened when the WHO Director-General launched a **Global Public Health Emergency (PHEIC)** on January 30, 2020.

Moreover, the sponsors of Event 201 — including the WEF and the Gates Foundation — as well the participants were actively involved from the very outset in coordinating (and financing) COVID-19-related policies including the RT-PCR test, the March 2020 lockdown as well as as the mRNA vaccine, launched in December 2020

China's CDC Director **Dr. George Fu Gao** —who participated in the 201 simulation— played a central role in overseeing the COVID-19 outbreak in Wuhan in early 2020, acting in close liaison with his mentor **Dr. Anthony Fauci**, as well as with the Gates Foundation, CEPI, et al.

Dr. Gao Fu is an Oxford graduate with links to Big Pharma. He was also for several years a fellow of the Wellcome Trust. (REF)
